Start buying and stop alibi-ing!!

HE alibi of High Prices may still hold good in some commodities, but it's as dead as a cock in a pit in the realm of clothes. Women's clothes, misses' clothes, juvenile clothes, children's clothes, men's clothes, it makes no matter which, all are now at purchasable levels. We speak not alone for ourselves. We would naturally rather have you come here than go elsewhere. But we cannot in an advertisement of this kind permit our own selfish desires to obscure the larger consideration that apparel prices in nearly all shops are back to a condition of "normalcy."

It's time for new clothes or new alibis!
